WHAT TO KNOW **BEFORE** YOU GO CHECKLIST

1. Will there be a language barrier? If so, are there translators on staff?

2. Are there any reviews available for the clinic besides what's linked to their own marketing?

3. How will records be forwarded to your dental practice back home?

4. Will your travel insurance cover dental treatment (pre-planned) abroad?

5. Will you need aftercare upon returning home? If so, who will provide this?

6. Does the country where the clinic is located have a regulatory body that governs their dental professionals? (The General Dental Council regulations that exist in the UK provide protection to the patient)

7. What are the qualifications required of Dentists in the country where the clinic is located?

8. Would you be prepared to have to return to the clinic abroad for further treatment?

9. Does the clinic abroad use prefabricated crowns, veneers or bridges? (In the UK, crowns, veneers and bridges are created specifically for a patient and not pre-made in bulk!)
